

SYCAMORE™

Kimball® Health

Sycamore fully represents the highest level of patient and visitor care and comfort. Functional design includes clean-out between seat and back, with ergonomic features to support extended periods of waiting. Sycamore's small footprint and efficiency in lounge, guest, tandem and multiple configurations make it an easy solution for common and waiting areas.

Sycamore Metal meets the quality and comfort of Sycamore with the durability of metal. The Sycamore Metal collection includes guest, tandem, bariatric and patient seating options.

The Sycamore hip chair, with a seat position higher than the guest and patient chair, allows for easy entry and exit. The footrest features an anti-skid material.

The patient chair is well suited for areas ranging from exam rooms to inpatient rooms. It features a tall, contoured back for enhanced patient comfort.

# SYCAMORE™
