CASEWORKS BUILT TO SUPPORT THE FULL FACILITY

As healthcare continues to advance, the needs and expectations of patients and caregivers are changing, altering the course of traditional healthcare environments.

These changes are what has driven the development of Alterna, designed to support this evolving landscape with seamless and durable solutions for the entire facility — from public zones to clinical areas, to workspaces and more.

The high quality construction of Alterna means it's dependable throughout the life of the product, and the broad offering of finishes and materials make it easy to specify for new construction or renovations to existing facilities.

PEACE OF MIND

With Alterna, caregivers can tend to the task at hand knowing their supplies are safely tucked away, but easily accessible. Having their tools and equipment out of sight creates environments that keep stress levels low and put the focus on true healing.

SENSE OF HOME

Here to support thoughtfully designed patient rooms, Alterna offers storage solutions in an array of styles and sizes that protect the patient and families personal belongings, while keeping them close at hand. A broad offering of finishes and pull options brings the warmth and personality of home into the space.

DURABILITY THAT PERFORMS

Alterna cabinets deliver fully assembled for quick and easy installation, and are built to support hard work in today's healthcare environments.

Cabinets are finished in durable laminate, and top options of high-pressure laminate or solid surface withstand rigorous cleaning agents.

CONFIGURABLE FOR YOUR NEEDS

A broad spectrum of models in different widths and heights means you can configure Alterna to best suit the need. With easy installation, components can be removed, reconfigured and repurposed should needs change.

ADA compliant heights, sink cabinets, wall-mounted cabinets and sloped top options are also available to meet specific needs of unique spaces. No matter the scale of the application, Alterna can be configured to be the perfect fit.
