DEFINITION®

A TRADITION OF FINE CRAFTSMANSHIP

Our heritage is visible in the beauty of the Definition line while the design encompasses enduring essentials with unlimited possibilities. Definition offers a dynamic selection of components that are configurable to any environment.

A COMMITMENT TO INNOVATION

Definition's elegant design naturally accommodates new ways of working, with base and surface style options that create customizable configurations.

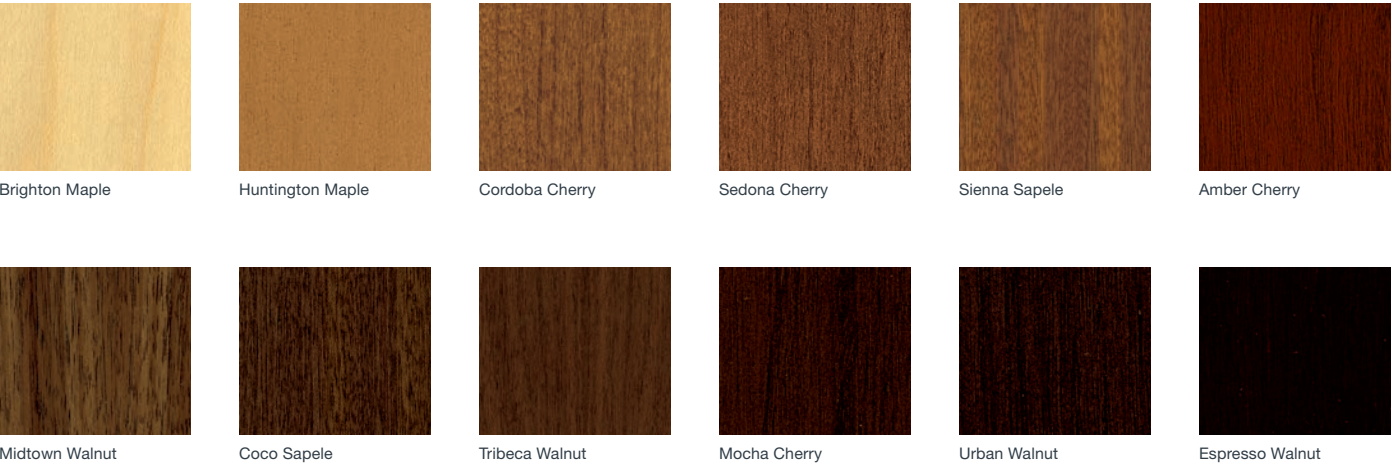

SHARED GOALS AND SHARED SUITE

The once private office is often required to transform into a collaborative workspace. With Definition, people can work in close proximity, yet inhabit their own worlds. Place Definition in an open space to showcase its finished backs or use our Traxx® & Tiles system to mount it on a wall.
