

ALPINE™
Kimball® Health

Alpine assuredly steps up to the task in times of critical need in healthcare environments with durable construction and ergonomic support. A steel tubular frame provides solid durable support when focus and decisions are imperative. Tandem and single models easily solve space planning, providing efficiency with flexible configurations.

ALPINE™

The assurance of selecting the right furniture for the environment is ever-present in the Alpine Collection. Its durable square tube steel frame supports patients and visitors for years with built in contoured backs for comfort and support. Space-saving efficient tandem and standalone guest models orchestrate traffic flow in waiting areas.
