

SPRUCE™

Kimball® Health

Spruce's mid-century modern seating family, designed by Chris Carter, blends appealing style with comfort and versatile configurations to give patients and families a better experience.

Flow seamlessly from public spaces to patient spaces with the Spruce patient chair. Available models include a standard fixed back or motion back.

Spruce high back lounge chairs seat any guest comfortably. Combining an extended back height with the same refined aesthetics found in the rest of the Spruce family.

Optional Solid Surface Arm Cap

Clean-Out Space Between Seat and Back

Spruce's modern design adds upscale styling to public waiting areas. A range of options from chairs to loveseats and sofas can be combined in multiple ways to welcome guests.

SPRUCE™
