VILLA™

VERSATILE, VAST, AND VIBRANT

Villa is about more options, more possibilities, and fewer boundaries. With a depth and breadth of choices, you can configure a variety of settings with many elements or a select few. Work around columns with ease. Create an open setting or a cozy retreat.

Tech-enabled options—integrated in tables and other lounge pieces—offer multiple points for power, data, and USB access. Easy-to-move lounge pieces, designed with an optional pivoting tablet, come together to create functional meeting places.

CONFIGURABILITY WITH COMFORT

With seating components that can stand alone or fit nicely together, the Villa lounge collection includes single and multiple seats, sofas, an array of freestanding tables and everything in between. Villa creates welcome arrangements that comfortably stand out.

ENDLESS POSSIBILITIES

Whatever the look you're after—with arms, without arms, curved, straight, high back, low back, or no back—Villa offers an endless supply of design possibilities.

A GOOD-LOOKING GETAWAY

Create a work retreat with Villa Shade™. Personable and private, the Shade integrates with high-back seating utilizing panels on the left, right, or both.
