Overview

Tops on credenzas, carts and telephone stand are available in wood or laminate with wood rim.

Metal corner posts are standard on vertical storage, credenzas, carts, telephone stand, and floor lectern. Available in three paint colors:
• 462 Cinder
• 501 Platinum Metallic
• 503 Satin Nickel

Locking is standard on utility/AV cart, hospitality cart, and telephone stand. Locks are available keyed randomly or keyed specific. Specify lock cores separately for key specific option.
▶See page 5.4 for lock information.

Details

Buffet credenza's lower left compartment features a pull-out door with black trash container.

Utility/AV cart is a multi-functional unit that serves as a serving cart, projector stand, or mobile TV cart. Lower section is locking. Includes cut-out in back panel for cable management and a side handle. Interior dimensions of open shelf are 34½"W x 22"D x 5½"H.

Serving cart features a hinged drop-leaf surface on all four sides, one fixed shelf, and a side handle.

Hospitality cart includes side handle and two box drawers with a black silverware organizer Lower left compartment features a pull-out door with black, 24 quart trash disposal container. Lower right section is locking. Power strip, located on left side of cart, includes three power outlets and a 10' cord. Black grommet for routing cord is located in the back panel.

Telephone stand features a hinged drop-leaf surface on both sides that extends 7". There is one adjustable shelf behind locking hinged door.

Floor lectern includes an adjustable shelf behind a non-locking hinged door. Presentation surface includes a cut-out for cable management.

Carts, telephone stand, and floor lectern are mobile and include four locking, dual-wheel casters.

All exposed wood surfaces are available in the following veneers:
• Cherry (plain sliced, slip matched)
• Maple (plain sliced, slip matched)
• Walnut (plain sliced, book matched)
• Sapele (quarter sliced, slip matched) premium veneer; upcharge applies
Veneers are carefully selected and matched to assure proper balance and consistency.

Wood tops on credenzas, carts, and stands feature a semi-open pore finish with a satin (50) or gloss (70) sheen.

Woodgrain laminate top with wood rim is also available in select finishes on all models, except serving cart.
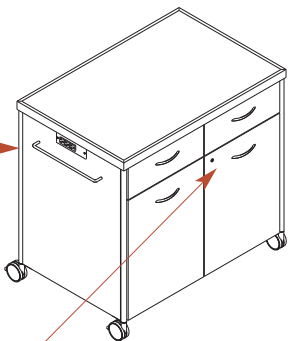

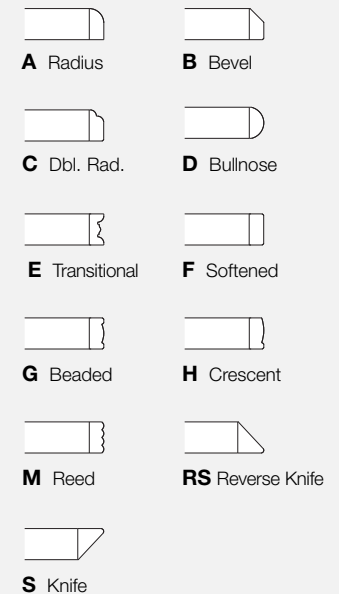

Drawer suspensions feature black, precision steel ball bearings to ensure long lasting, quiet, and smooth operation. Box drawers are ¾ extension and have a 75 lb. load rating.

Rim Profiles:

Rims are designed to match rim shapes offered on other Kimball products. All rims are wood.

A Radius   **B** Bevel

C Dbl. Rad.   **D** Bullnose

E Transitional   **F** Softened

G Beaded   **H** Crescent

M Reed   **RS** Reverse Knife

S Knife

Knife (S) and reverse knife (RS) rim profiles on vertical storage units, buffet credenzas, utility/AV cart, and hospitality cart appear on the front edge only; sides and back are flat. All other rim profiles appear on all four sides of the top.

Trinity	9¼"	⅜"	⅞"

Pull Size:
	Width	Height	Projection
Helix	7⅝"	½"	1¼"
Link	6⅝"	1⅛"	1"
Wisp	9⅞"	⅝"	1⅛"

How to Specify

Specify pull option and finish together in one step. If pull finish designator is a number, insert an underscore between the pull designator and the finish designator. For finish designators that are letters, put the pull and finish together without a space or underscore.

Examples:
93_487 = Aero pull, brushed nickel
61SF = Helix pull, silver frost metallic

Locking Information

Locking units can be specified as:
- Key random with a black lock core with black hinged key (KRB); or
- Key specific (KS)

Black lock cores with black hinged keys are identical to the ones used with other casegoods and systems products.

Key Random Option:

When key random option is selected, key numbers will be assigned arbitrarily at the factory with key numbers ranging from KCCB001 to KCCB300.

Randomly numbered lock core(s) will ship standard along with your order for field installation.
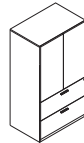

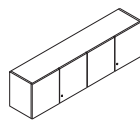

KCC*001   KCC*002   KCC*001

KCC*001   KCC*003

With random keying, different furniture units may or may not have the same key number. If you must have all locks keyed differently or all locks keyed the same, choose the key specific option.
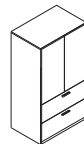

Key Specific Option:

When key specific option is selected, the storage unit will be pre-drilled to accept a lock core; however, no lock cores will be shipped standard with the unit. If lock cores are standard on the unit, the price of the unit is reduced by the price of the lock core or cores.
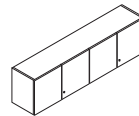

You must specify lock core(s) separately for key specific option; specify any key number from KCCB001 to KCCB300.

KCC*005

KCC*005

KCC*005

To key all the furniture units in a workstation or department alike, choose the key specific option and order the quantity of locks needed for your installation.

Standard key that ships with the lock core can be used for the initial installation of the lock core in the field.

Change key model KCCB1CK allows removal of lock cores for key numbers ranging from KCCB001 to KCCB300.

IMPORTANT: A change key, specified separately, is required to remove lock cores in the field.

Master key model KC2GMK will unlock any lock with key numbers ranging from KCCB001 to KCCB300.

Model/Key Range   *Price*

Black Lock Core with Black Hinged Key

KCCB001 to KCCB300	$25

Change Key

KCCB1CK	$9

Master Key

KC2GMK	$15

How to Specify
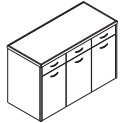

❶ Specify exact key number for lock cores as the model number or model number for change or master key
