PERFORMANCE BASES SET THE BENCHMARK.

These bases are the work horses of the *Versteel*® table line. Engineered to withstand extreme conditions, 14 gauge steel tubes are formed, welded and finished in our Jasper, Indiana plant. A range of features and options for the Performance line is readily available; link, fold, stack or create the perfect training table by adding modesties and Versteel power and data.

Performance, for the work to be done.

THE QUINTESSENTIAL VERSTEEL GENERAL PURPOSE BASE.

PERFORMANCE BASES SET THE BENCHMARK.

AVAILABILITY

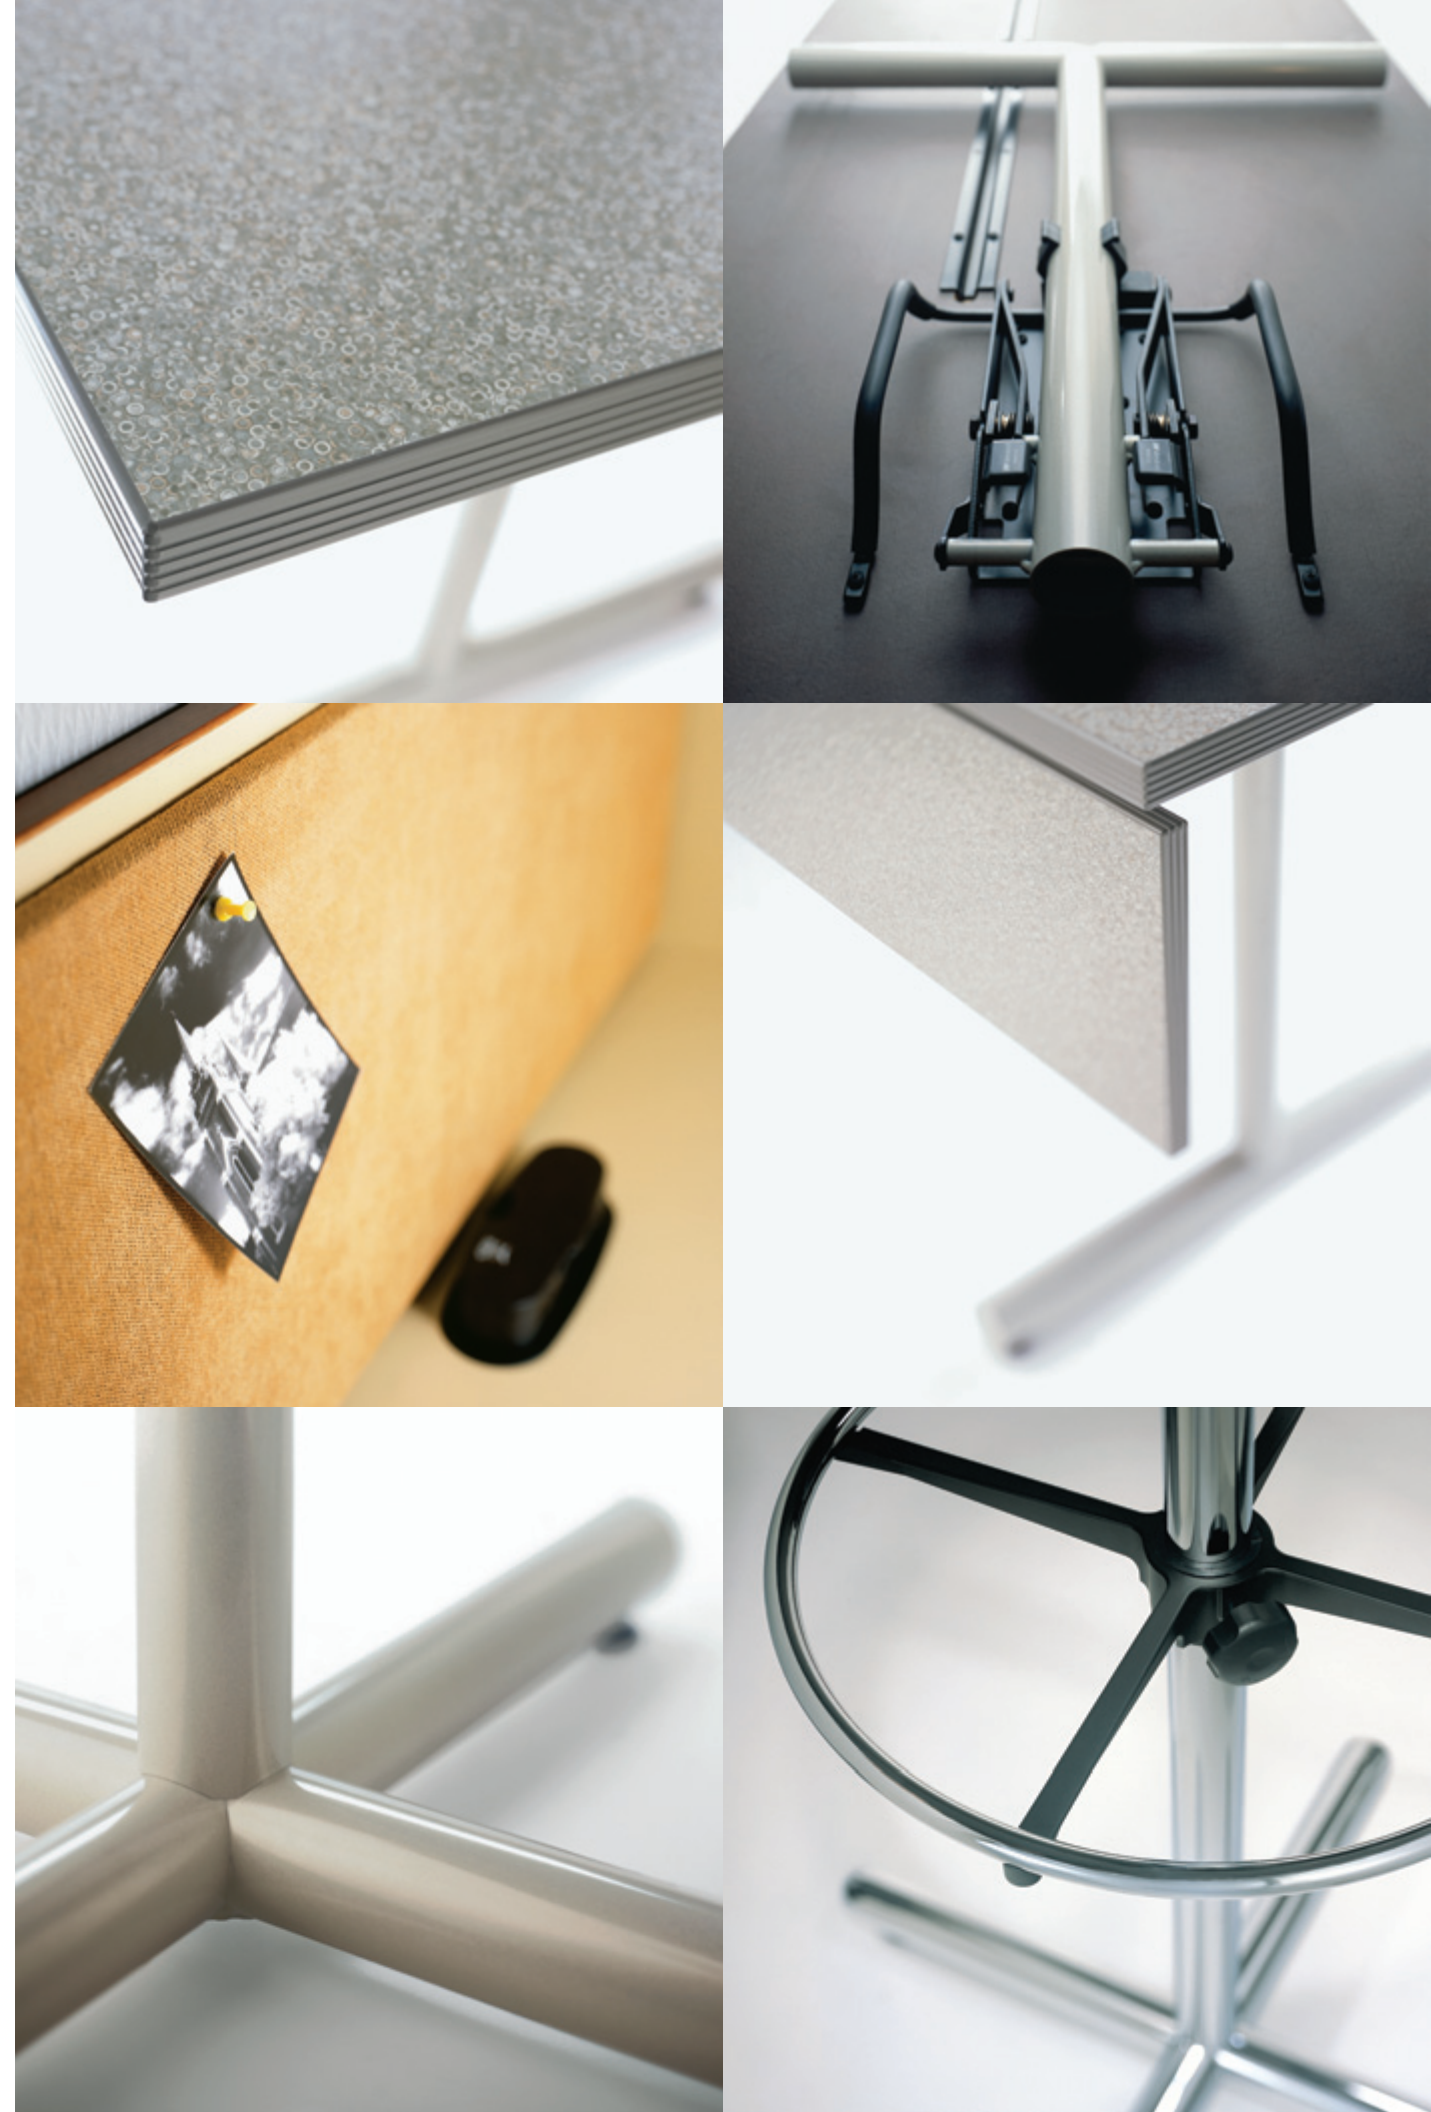

A FULL RANGE OF BASE CONFIGURATIONS FOR THE PERFORMANCE TABLE IS READILY AVAILABLE - FROM THE ELEGANCE OF THE X4 TO THE STRENGTH AND STABILITY OF THE T. THE AMOUNT OF FEATURES AND OPTIONS FOR THE PERFORMANCE LINE IS STAGGERING. REFER TO THE VERSTEEL PRICE LIST FOR COMPLETE SPECIFICATIONS AND AVAILABILITY, BUT BE SURE TO CHECK OUT WWW.VERSTEEL.COM BECAUSE WE'RE ADDING NEW FEATURES ALL THE TIME.

POWER & DATA Accommodating the future. Proprietary Power & Data options can be specified for individual or linked tables, and for either temporary or permanent installations. There is an individual option for every type of application. **FOLDING & TILTING** Creating maximum flexibility. Patented mechanisms provide stability and ease of use. These features make for unparalleled storage and movement when paired with mobility options. **LINKING** Keeping tables together. For quick and easy reconfiguration, a variety of mechanisms allow tables to gang and work together. **FINISHES & MATERIALS** Specifying the table you need. An unsurpassed standards program and available custom finishes combine to give you the look you desire. **MOBILITY** Rolling is easier than lifting. Convenience, versatility and reconfigurability are a few of the benefits of a table with casters. Casters do not change the height of a table, only its ability to adapt more readily to its environment.
